

Region II Riparian Management ANNOTATED BIBLIOGRAPHY

TABLE OF CONTENTS

• Introduction and Region Map	1
• Fish habitat	
Section 1.	Overwintering and spawning ecology of fishes in cold climates. Jason E. B. Mouw. Alaska Department of Fish & Game, Sport Fish Division.
5	
Section 2.	Adult anadromous fish use in the Susitna River. Jeff Davis. Alaska Department of Natural Resources, Office of Habitat Management & Permitting.
15	
• Hydrology and geomorphology	
Section 3.	Fluvial processes with special emphasis on glacial rivers. Jason E. B. Mouw. Alaska Department of Fish & Game, Sport Fish Division.
21	
Section 4.	Forestry slope and stability. Chris Stark. University of Alaska, Fairbanks and Bering Sea Fisherman's Association
31	
Section 5.	Temperature effects in brownwater streams. Daniel Rinella. University of Alaska, Anchorage, Environmental and Natural Resources Institute
49	
Section 6.	Effects of beetle epidemics and harvesting on stream flow. Ed Holsten. USDA Forest Service, Forest Health Protection.
53	
• Access	
Section 7.	The use of winter roads in forest practices, and the relationship with ATV use. Jeff Davis. Department of Natural Resources, Office of Habitat Management & Permitting.
59	
Section 8.	Riparian areas, logging roads, and invasive species. Michael Shephard. USDA Forest Service, State & Private Forestry.
79	

•	Management of riparian areas	
Section 9.	Riparian area function and management in headwaters and small streams. Robert A. Clark. Alaska Department of Fish & Game, Sport Fish Division	83
Section 10.	Riparian area function and management in lakes. Robert A. Clark. Alaska Department of Fish & Game, Sport Fish Division	125
Section 11.	Revegetation in Alaska using native plants, and Soils in riparian areas/wetlands and interpretations for use. Dean F. Davidson. USDA Forest Service Region 10, Chugach National Forest.	133
•	Alphabetical list of references	137
